STATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

A telephone interview was held between Examiner Omar Abdul-Ali and Applicants' Representative, Mr. John B. Phillips, on January 4, 2008. The following is a statement of substance of that interview:

Examiner Abdul-Ali requested an examiner's amendment to claim 12 in order to address potential §101 issues. The below amendment was agreed upon and no other issues were discussed.

12. (Amended) A system for maintaining an application window on a display that has been transformed by a transformation matrix into a transformed window transparent to an application that originated the application window, the system comprising:

a desktop window manager ~~operable to transform~~ on a computer system which transforms a window transmitted by the application for display to a

transformed window on the display;

a redirection transform application interface coupled to the manager, wherein the redirection transform application performs an inverse transformation that results in a new frame region and performs hit detection on the new frame region; and

an external input coupled to the desktop window manager, wherein messages to and from the application pass through the transform interface to and from the manager to maintain transparency between the transformed display window and the application.

It is believed that no fees are due with this Statement of Substance of Interview. However, please charge any additional fees or credit any overpayment to Deposit Account No. 13-2725.

Respectfully submitted,

Dated: February 4, 2008
